Myron Lampe, Former  
Granite Cityan, One  
Of Victims Yesterday

At low altitude after taking off from the Collinsville airport, a single-engine airplane spun out of control while banking and crashed at 9:10 a.m. yesterday near Sand Prairie lane in Madison county, fatally injuring both occupants, one a former Granite Cityan.

Myron Francis Lampe, 27, of 74 Tulip court, Caseyville, son of Mr. and Mrs. Adolph Lampe, 2807 Pershing avenue, an airport mechanic, was killed instantly, suffering a fracture of the head, neck and leg injuries. Married and the father of two, he was in the rear seat of the craft and was pronounced dead at the scene by Deputy Coroner Herbert Kossly of Collinsville.

Wesley Richard Weinel, 19, of 8801 Mark trail, Caseyville, in the forward seat of the dual-control plane, was pinned to the wreckage of the canvas-covered craft, which embedded itself in a corn field of the farm of Fred and Robert Strackelmann.

Extorted by State Troopers James Stever of Greenville and Fred Perry of Glen Carbon after 20 minutes of effort, Mr. Weinel died at 9:30 a.m. Sunday at St. Mary's hospital, East St. Louis, of facial, chest and leg injuries.

Second flight was made Sunday morning from the St. Charles Municipal Airport in Missouri to Collinsville by Mr. Lampe who had left his auto at St. Charles, the yellow and green plane was returning to St. Charles.

Mr. Weinel had been picked up at the Collinsville airport, leaving his car there, and it was not determined who was piloting the plane. The light aircraft was owned by the Thomas Jordan family of St. Louis.

Purpose of the flight was either to ferry the plane or to get both men to St. Charles for aviation repair work, the local family said. In addition to his night work as a mechanic for Trans-Wend Airlines at Lambert-St. Louis Airport, Mr. Lampe did repair work at both Collinsville and St. Charles.

He had just completed his work on the night shift when he made the initial flight to Illinois.

Motorists on Collinsville road and Sand Prairie lane and attendants at the Jackson service station just south of the crash scene saw the westbound aircraft go into a downward circuit, spin, its nose plummeting into the moist but unyielding dark earth. The location was "several hundred feet west of Sand Prairie lane and immediately north of Cahokia canal and Interstate highway 240. Safety belts held the two in their seats but the injuries were

## Murder, Voting Likely Topics For Grand Jury

A local murder case and improper voting are expected to be among the topics considered by a 22-member Madison county grand jury impaneled this morning at Edwardsville by Circuit Judge Harold R. Clark.

After a heavy case load at the last session in March, when 33 indictments were returned, a light assignment of about 13 cases is to be listed on the agenda of the May term grand jury. It is expected to make its report on Monday, June 4, or Tuesday, June 5, with arrangements for Friday, June 8.

The murder is the Oct. 26 slaying of Billy G. Barnes, 33, Washington Park railroad telegrapher, in his auto on a dirt road a mile east of 20th street and Edwardsville road. The road leads to the railroad tower where four small children, he was shot seven times at close range.

Another case, a truck driver, was charged May 5 with the murder of Attorney Dick H. Mudge Jr. Robert Niehaus, 39, Troy, a railroad car inspector, was charged with accessory before the fact of murder.

The voting case relates to violation of age and residence requirements in balloting at Washington grade school during the April 14 school board election. Local residents having knowledge of such violations are expected to be questioned.

## Zoning Hearings Resumed; Marine Meet Disorderly

Richard Boyce, Marine townships supervisor, was threatened with defeat at his next election when he suggested adjournment of an unofficial discussion period during a county zoning hearing at Marine Friday afternoon. No suggested changes in the zoning map or ordinance were received during the hearing presided over by Zoning Commission Chairman Thomas Butler.

The proposed adjournment, prompted by shouting and unruliness by some in the gathering, was to 25 to 30, in the remainder of the session proceeding more quietly.

Fourteen hearings have now been held, with 10 townships remaining. These scheduled for next week will be at 1 p.m. tomorrow at the County Board room, county courthouse, Edwardsville.

Opponents of zoning, who have disrupted many of the hearings have helped pave the way by holding advance meetings. In some of the townships, they announced today that an "informal" meeting will be conducted by Fort Russell Supervisor Wilbur Sussen at 8 p.m. Thursday at the Fyle gymnasium.

Zoning authorities are to be invited but unnamed others, described as "competent people," will take part in answering questions from the audience Thursday night.

Organizations which favor zoning as a means of encouraging orderly growth have urged that supporters also attend the hearings.

### Madison Summer Curfew, Bicycle Safety Programs

A three-phase program aimed at maintaining law enforcement and public safety during summer months was outlined today by the Madison police department following a conference last week at which the police officers discussed traditional summer problems of the department.

The plan includes strict enforcement of a curfew affecting all persons under 18 years of age between 10:30 p.m. and 6 a.m. daylight saving time; prevention of nighttime loitering by people of all ages; and regulation of bicycles to conform with basic traffic laws.

The curfew program will ban anyone 17 or under from remaining, loitering, idling, wandering or playing on a street, playground or any public place, unless accompanied by his parent or guardian, unless engaged in an errand or business with parents, or unless an emergency exists or unless the child's work makes it necessary for him to be in such places after 10:30.

Each police officer has been authorized to detain any child violating the curfew law until the parent takes custody of the child. Parents will be notified immediately whenever a child is detained, and the child will be released to the parent after a hearing.

If the parent cannot be located, the child will be taken to the Madison Police Department. If the parent is incorrigible, has no home or lacks proper supervision, the child will be taken to the Madison Police Department. If the parent is incorrigible, has no home or lacks proper supervision, the child will be taken to the Madison Police Department.

### Added Sewer Fee In Nameoki Would Be 75c

Contrary to rumors circulating in the Nameoki area, the total minimum monthly charge for both the proposed pollution abatement and drainage program and the sanitary sewer rental charge will be \$3.25.

Eighth Ward Alderman Ford Johnson and Frank Vesce have been receiving a number of inquiries from persons who said they had heard the \$3.25 charge for the master plan would be added to the present \$2.50 monthly charge for sanitary sewer rental.

Under the master sewer and drainage program fee ordinance, the first rental fee before the council, only 75 cents would be added to sewer bills for persons paying the \$2.50 sanitary sewer rental, making their minimum monthly payments the same as those to be charged in Granite City proper.

A construction boom with the likelihood of employment for several hundred local residents is possible this summer in Granite City provided the lifting of the state Sanitary Water Board ban on sanitary sewer extensions is not stalled by petitioning for a referendum on the \$10,000,000 revenue bond issue for pollution abatement and drainage relief adopted last week by the city council.

D. B. Morton, an engineer for the state SWS, told the Press-Record that the city was over the main hurdle when it approved the bond ordinance, but no consideration will be given to the referendum order if a public vote is called on the bond issue.

We'd want to learn the results, he explained. Local civic leaders last week urged Granite Cityans to refuse to sign the referendum petitions which were put into circulation over the weekend by several aiders. In Belleville earlier this year, the citizens saw the need for adequate sewers and declined to sign similar petitions after the city council determined the city's progress toward river pollution abatement, said the program outlined by the Citizens' Master Sewer and Drainage committee is unique in that it is designed not only to provide sewage treatment plant facilities being required by the state, but also to provide the city with an adequate sanitary sewer system for years to come and storm drainage relief.

"Admirable Program" "It's a most admirable program and one that should be accepted by the citizens of Granite City. In other communities, too," Morton said, "it's normal that there is some resistance but the facilities are needed. We've seen such elections, that cost city money to hold and also end friendships as sides are taken on such issues."

"We of the Sanitary Water Board consider the passage of a revenue bond issue as an assurance that the city will be able to meet the financial hurdle passed, we feel that progress is satisfactory," Morton added.

He explained the board would have to receive an official notice from the city and then the board would have to hold a public hearing. The ban was ordered last July 31, resulting in a drop in construction in the city, said the larger construction projects planned in the city are an apartment house and a new center development along Pontoon road adjacent to the Glenview subdivision; a similar development at the site of St. Clair avenue near Glenview subdivision; expansion of Lueders Park Estates with additional homes; and along Maryville road north of Maryville school, a new subdivision and a hospital planned by Dr. E. W. Walton.

In some of the areas, the tract have been annexed to the city, but start of construction is stalled due to the sewer extension ban.

Noted Sent To SWS Mayor Davis told the Press-Record Friday upon being informed of Morton's statements, that he would send the official notice that the rate and charge ordinance which was placed on first reading last Monday would be resubmitted to the council at this evening's meeting. However, Morton said the ordinance was not as important to the Sanitary Water Board as the revenue bond issue ordinance.

The rate ordinance for financing the \$10,000,000 revenue bond issue forth a minimum monthly charge of \$2.50 for a householder. Engineer Edward Johnson, designer of the project, said the charge would be over 90% of the householder in Granite City.

In the Nameoki area, the minimum rate also will be \$3.25, with the \$3.25 total including the present \$2.50 monthly rental fee for sanitary sewers.

A public utility and business will be charged on the basis of the

## Water Rate Hearing Resumed This Morning

Testimony given at an earlier hearing by S. E. Kerr, vice president and controller for East St. Louis and Interurban Water Co., was stricken today by the Illinois Commerce Commission on objections raised by R. J. Robertson, Granite City attorney for the Large Water Users group. The hearing for the water rate dispute initially centered at the Harlem Club tavern, Brooklyn, erupting on the parking lot there after the St. Louisans allegedly attempted to pirate away the young wives of the two Granite Cityans.

The two carloads drove from Brooklyn to the 500 block of Park street, where some of the shooting is believed to have taken place and some of the participants advanced on each other with rocks, auto keys, clubs, bottles and other weapons.

A free-for-all between St. Louis and Granite City groups was broken up by Venice police at 7:25 a.m. Saturday just short of violence. Several shots were fired but apparently did not hit any of the 14 persons involved, 13 of whom were captured.

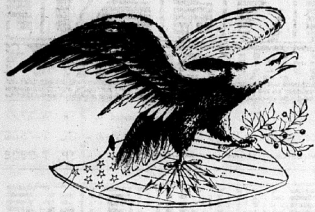

Each group included two women, and ages varied from 16 to 22. The dispute initially centered at the Harlem Club tavern, Brooklyn, erupting on the parking lot there after the St. Louisans allegedly attempted to pirate away the young wives of the two Granite Cityans.

FLAG PROCESSIONAL symbolized a world outreach theme as St. John United Church of Christ observed its 100th anniversary at services Sunday morning.

## Services Mark St. John Church 100th Anniversary

"Praise God from Whom all blessings flow..." With these words, a congregation of 945 observed the centennial of St. John United Church of Christ yesterday morning and pledged itself to continue service in local and world outreach.

Capacity gatherings at two services heard the centennial sermon by Dr. James E. Wagner, president of the Evangelical and Reformed Corporation and past president of the United Church of Christ, who flew here from Philadelphia for the principal event of the local church's hundredth-year celebration. He greeted parishioners and visitors at an informal reception Sunday afternoon.

The world mission theme was dramatized by a procession of 34 church school students carrying the Christian flag, U. S. flag and the flags and banners of foreign lands in which the United Church of Christ conducts missionary work. Responsive reading called attention to 201 overseas school and colleges, 36 hospitals and clinics and 514 missionaries serving in 26 nations.

Rev. Paul R. Surley, 14th pastor, led the services, in which all choirs participated. The greeters were Alfred Schreiber, president of the church council, and Mrs. Schreiber. Thirty-six page commemorative brochures were distributed.

Organized June 28, 1862, by a group of German Protestants who had settled in a rural area now a part of Granite City, the church has been closely linked to local history, serving as the scene of 2840 baptisms, 2061 funerals, 1453 confirmations and 781 weddings. Its church and cemetery occupy 30 acres, with the total property valued in excess of \$350,000.

The present stone church building at 2901 Nameok road was started with an initial unit in 1928, the sanctuary being completed in 1940. The church school, which dates back to 1876, has a current enrollment of 491, occupies an educational building constructed in 1954-56.

The present parsonage was dedicated last Dec. 3 as the first phase of the centennial observance.

Founders' day was held Jan. 7, honoring the 14 charter members, and plans are being made for an "old timers' service" June 17, confirmation reunion service Sept. 23 and a banquet Nov. 3.

## MORE ABOUT Madison Summer Curfew

(Continued from Page 25)

\$20 to \$100, plus costs for conviction as a vagabond for loitering or prowling at night.

In the hope of preventing bicycle accidents during the day or night, police will warn bicycle riders of faulty practices and will pass out "rules of the road" for bicycles to all riders. The city ordinance provides penalties and impounding of bicycles for violations. Bicycles also can be impounded for lack of a city license.

Madison's bicycle ordinance requires that riders follow the same traffic rules as motorists, except those rules having no application to bicycles; every bicycle must have adequate brakes; when operated from sunset to sunrise, each must have a front white light visible at least 200 feet and a rear reflector or red light visible 200 feet; the rider or passenger can ride only upon a regular and permanent bicycle seat; no bicycle will be permitted to carry more persons than the number for which it is designed and equipped; and speed must be reasonable and proper for the safety of the rider and other people.

The summer program, announced by Chief Barney Frankendorf, reflects an effort to cope with rises in traffic, temperature and the number of people on sidewalks and streets, it was explained.

# Hearts Win 4th Straight; Mercer Is Stopped, 3-1

## Moose Club Continues Streak, 8-2

The players haven't been overpowering anyone at the plate in the last two weeks, but Granite City Sacred Heart keeps winning in the Inter-City baseball league nevertheless.

The Hearts had only one extra-base hit yesterday, but made singles and some clutch pitching by John Rains stand up in a 7-4 win at Troy.

At Wilson Park meanwhile, Mercer Funeral Home can't win the strong arm of Don Kopp, who pitched eight innings of shutout baseball as he stopped the local club, 3-1.

**Fall To Third Place**  
Mercer picked a bad time to drop one. Shaking the Blue division lead with McAteer Glass and Pocahontas when the afternoon began, Ollie Miller's club found itself in third place later in the day after Pocahontas hung up a 5-1 win over Knoxville and the Glassmen had shattered Roxana, 6-1.

Although the Hearts were running to their fourth straight win after a season-opening loss, they could not gain any ground on the Red division front-runner, Moose Lodge of East St. Louis.

**Moose On Loose**  
The Moosemen made it six straight wins by defeating the Collinsville Boosters, 8-2, enabling the second-place Hearts to move two games ahead of the Boosters.

Neither Mercer nor Carpenter could do much with one another's pitching, as each club gathered just five hits. Carpenter parlayed a double by Jim Blackledge, Jim Tindall's single and two walks, a hit batsman and a fielder's choice into three runs in the first inning.

**Unscored Run**  
Losing pitcher Jack Bunte (2-1) blanked the host club the rest of the way, but Kopp was even stronger. He gave up only one run — in the second — and it was unearned on a walk to Ken Cook. Stan Findley's slumps and an error allowing Cook to score.

The Hearts jumped to a 3-0 lead over the Redbirds at Wilson Park, with the first bases-loaded single in the first by Jim Falk driving in two of those runs.

The Birds tied it with three in the third, but Sacred Heart got two more in the fourth to take the lead for good. The final run came on a homer by losing pitcher Gary Weismeyer in the fifth. The Hearts dropped a two insurance runs in the seventh, and Rains worked out of a jam in the ninth when two men reached base to bring the tying run to the plate.

**Suess Has 4 Hits**  
Mike Suess had the Hearts' only extra-base hit, a triple, but was out trying to stretch it to four bases. Suess also collected three singles to lead his squad's hitting.

Rains improved his mark to 3-1. Troy has dropped all five of its starts this spring. On Saturday, the Hearts dropped a 2-0 exhibition game at Menard prison when they were the victims of a one-hitter.

## Another Warning For Boaters Near River Dam Site

Safety on the river is perpetuating its news worthiness. This time, it is not the commercial towboat to which an appeal is directed, but to the small boat owners, operating in and around the Chain of Rocks dam which is presently under construction.

Col. Alfred J. D'Arcevo, district engineer, U.S. Army Engineer District, St. Louis, said today that the resident engineer on the project is repeatedly confronted with speed boaters who are frequenting the dam construction area where large stones up to six tons are being placed in the river about 900 feet downstream of the Chain of Rocks highway bridge.

Col. D'Arcevo points out that just beneath the water surface, steel cables anchoring the derrick boats used in construction are potential hazards. On one occasion, a boat has been snagged, catching the outboard motor propeller and throwing the speeders into the river.

Two of the largest signs on the Mississippi have been erected upstream of the dam warning navigation to stay out of the area.

Col. D'Arcevo has appealed to boaters to stay out of the construction area for their own interest and safety. He said that aside from damage to the boat and motor, there is possible personal injury and even loss of life.

He requested that all boating enthusiasts, boat members and weekend recreationalists use every care and discretion to avoid areas in the vicinity of the construction work.

## Alton Clobbers Competition, Wins Both Division Titles In SWC Track

Alton high school, casting about for a track coach since coaches Fred Will and Bill Perrin have accepted college coaching positions beginning next spring, will not have to search for a cinder talent next spring.

The red-tinted, underclassmen for the most part, defended in fine style their southwestern conference meet title Friday evening at Parsons Field in East St. Louis, winning the team title with 92 1/2 points compared to 74 for runner-up East St. Louis.

Granite City, placing in only two events in the senior division, finished last among the seven schools entered. Larry Noblin scored a fifth place in the 880-yard run and the Warrior mile relay team was fourth.

GO Jr. Relay Victory  
Scoring in the junior division was more closely bunched, but the Redbirds again finished on top with 58 1/2 points. East St. Louis was second with 48 1/2; Granite City sixth with 21, including five points picked up by a victorious mile relay foursome.

Three record-breaking performances were turned in during senior division events, nine of which were won by Alton, a team which had four firsts in the state meet last week. East St. Louis scored three firsts, two of them by Warren Hannan, 6-4 1/2, adding nearly two inches to a mark set in 1955 by Edward's Jackie Jackson.

Alton's 880-yard relay team surprised few by running the 1:29.2 in 1:29.2 of a second off the 440 record set back in 1955 by Granite City's Steve Gallager. Gallager's 50.9 timing had been in the record book longer than any other in the conference since.

Conference athletes also came close to record-shattering efforts in the broad jump, high hurdles, shot put and low hurdles.

Glenn Bowman, Eric Robertson, Bob Fyle and Denny Petroff gave GCIS its only victory of the day in the junior mile relay, third in the division were Ron Selph, third in the 440; Joe Nemeth, third in the low (10) hurdles; the Warrior 880 relay team, which finished second; Bowman, second in the 440; Joe Nemeth, third in the low (10) hurdles; and Jim Parker, tied for first between Olton

(E. St. L.), Blaine (Alton), and (Jones) (Evile), 1:24; high jump—Auge Schiller (Colv.), 6-4 1/2; NEW RECORD, old record 6-2 1/2; Marnie Jackson (Edw.), 1955.

**Polish Hall Keeps Rolling With 6-3 Win**

Undereated Polish Hall continued a fast pace in the Sunday morning Tavern show pitch softball league. The 5-0 victory knocked off one of their closest competitors yesterday morning when they defeated Bowland 6-3.

Stan Serwenka was the winner and contributed two hits. Bill Tutka homered for the win. Losing pitcher was Paul Thompson. Babe Amelung had two hits for Bowland, now 3-2.

Fugle's Highway (4-1) moved into second by handing Sportsman's Club a 9-2 setback. Lefty Thoen picked up the win and Jim Goodrich was the loser.

Green Hall broke into the win column for the first time in the league with a 9-8 victory over Home of the Blues. Home runs highlighted the contest, with hitting pitcher Gene McHenry and Charles Sabo connecting, and Al Black and Tom Harris hitting round-trippers for the Blues. Slate Collins was the loser.

In another close decision, Club Delmar edged Junction Tavern 12-10, despite four hits by losing pitcher Gene McHenry and a home run. Bo Smith got the win, as Ralph Morris, Don Mays and Don Howell each drove in with three hits for Delmar. One of Morris' was a four-bagger.

**Park Club Loses Doubleheaders To Sealmasters, Eighth Inning Teams**

Granite City's park district Class A softball club was battered twice by the world champion Aurora Sealmasters and fell to two seventh-inning rallies by St. Louis' Eighth Inning Lounge over the weekend. The local club dropped all four games and fell to 3-5 for the season.

The Sealmasters bunched all their scoring into one frame to hand GC a 5-9 setback in the first game of Aurora Saturday night. A walk, three singles and a triple by Jake Burrow pushed the tallies across for the defending titlists in the Amateur Softball Association. Ray Huff was the loser.

The second game, won 11-2 by Aurora, was no contest after the first inning. The Sealmasters scored four off Norm Grote before a man was retired, scoring three more in the third and one in the fourth, and finished with two in the fifth on a solo homer by Art Benedick, a single and triple off Evans Mark.

## GCIS Frizzles In Baseball Finale; Maroons Clinch Tie With 7-1 Win

Granite City's pugnacious baseball attack sputtered its last here Thursday afternoon as the Warriors seven-inning conference with a 7-1 southwestern conference game to Belleville.

On Thursday, Balitz blanked three hits by Rich Baltz in going the distance for Al Budd's team, which can now eye a conference championship as well as a berth in regional playoffs.

The Maroons are 9-2 for the year in the SWC, where the only game remaining is their rain-out meeting with Collinsville. A loss would drop Belleville into a three-way tie for first place with Edwardsville and East St. Louis, both of which ended the season with 9-3 marks.

Granite City finished last in the seven-team conference with a 2-10 mark, scoring its only two wins at the expense of Wood River, runner-up in the state tournament last spring and the second square against this area.

The park club suffered a seventh-inning breakdown also in the second game, which saw Eighth Inning move ahead 7-2 after entering the frame on top by only one run.

Three new members were initiated and a former member was re-installed at first degree ceremonies conducted Thursday night by Knights of Columbus Council 1088 here.

New members are Eugene D. Petty, Lawrence A. Bloom and Charles T. Parkinson Jr. Readmitted was Paul A. Harshany. A committee headed by Robert McCormick was appointed by Grand Knight Louis Bleanie to decorate the graves of deceased K of C members on Memorial Day. The committee

will also repair K of C markers at the graves.

On June 14, film taken during the county K of C May Day parade here will be shown for the first time during a banquet for members and wives at the council home. Guest speaker will be Rev. Taylor, who is associated with the Our Lady of the Snows shrine at Belleville.

### State Rules On Leaving Keys In Auto Ignition

A motorist who leaves his car unattended with the keys in the ignition is violating the law only if the car is parked upon a public highway, Attorney General William G. Clark has advised Joseph E. Ragen, director of the Department of Public Safety, in one of a group of new rulings.

Clark also has held that if a road commissioner attempts to incur indebtedness in excess of the taxes levied and money in the treasury, he could be enjoined from incurring such indebtedness.

A county board now has authority to itemize the compensation to be paid county officers and individual clerks and deputies. The county board cannot now make a lump sum appropriation for the officer's compensation, clerk hire and other expenses.

A regional planning commission, including one embracing more than one county, is not a private organization nor engaged in private functions, but is an agency of government engaged in functions predicated upon the police power.

**TUESDAY, JUNE 1-1937**  
In all the years since it has been published, it is doubtful whether it was ever before as beautiful as it is at the present time. Day by day for more than two weeks, it has been blossoming in ever-increasing splendor until it is now in the greatest glory, a glory which must soon begin to wane as autumn and cold temperatures approach. However, come what may, much beauty and fragrance will survive the greater part of this month, at least.

Negotiations between the Union Starline and Refining Co. and its employees, as reported by Federal Labor Union No. 18,850, which began May 5, terminated Friday in a signed agreement binding for one year. In which the union is granted a closed shop, seniority, with pay and a basic 40-hour week with time-and-a-half for all overtime hours. The union in turn agreed that no strikes will be called during the life of the agreement.

Mrs. William Reischer left early this morning for Washington, D.C., where he will represent her state at the world convention of the Women's Christian Temperance Union, which will convene there Thursday, Friday, and Saturday. An attendance of 400 delegates is expected, besides visitors, from all over the world.

Graduation exercises for 22 students of St. Joseph's Catholic school were held Sunday morning during 9:30 Mass. The address was given by the Rev. Michael McGovern, assistant pastor.

Graduation exercises for nine members of the senior class at St. Elizabeth's School of Nursing were conducted during Mass at 9 a.m. Sunday in the hospital chapel.

Fr. Michael Costello, pastor of Sacred Heart Catholic Church, delivered the principal address and presented the diplomas. The ceremony was public.

In a golf match played at Madison Country Club yesterday, Walter Pershall established what is believed to be a record for putting by using but one stroke on each of the last nine greens in a 10-hole match.

Cecil Green of Logan street, Venice, accompanied by his school class on a truck ride and outing to Forest Park in St. Louis Sunday.  
Enjoying the day were John Borth, Junior Borth, Betty and Harry Green, Robert Wheeler, Orville Abernathy, Alvin Rice, J. T. Campbell, Dickie Wheeler, Jackie and Eugene Borth, Raymond Gibson, J. W. Nolan, Kenneth Langston, Marianne Langston, William Brewer, J. W. Cole, Norman Zeller, Miles Zeller, Mr. and Mrs. Jess Borth and their son and Mr. and Mrs. Cecil Green.

Mr. and Mrs. Joe Richardson of Third street, Madison, were hosts at a charmingly arranged party Friday night in their home.  
Present were Mr. and Mrs. C. D. Smith and daughter, Joyce Rae, Misses Albert, Margaret, Helen, Clemens, Misses Edna and Gladys Ridgeway, Miss Ruth Roark, Miss Geraldine Hill, J. R.

A PUBLIC SERVICE OF  
MINNESOTA STATE BAR ASSOCIATION  
IN COOPERATION WITH THIS NEWSPAPER

**PRINCIPAL'S LIABILITY FOR AGENT'S ACTION**  
One hundred years ago, the most typical form of business was the sole proprietorship conducted by one individual. There were only a limited number of agents in such a business, and they were often referred to as servants.

Since that time, the corporation has become an important form of business organization, and other types of business organization have also greatly expanded in size.  
This has led to a great increase in the number and types of agents, and the law of agency has expanded correspondingly.

An agent's authority may be express, implied or apparent. Express authority is that expressly given by the principal to the agent.

Implied authority arises out of the express authority granted, and consists of those powers which are necessary by implication to carry out the purposes of the agency.

For example, P appoints A to sell a certain automobile for \$2000. As an incident to the authority conferred, A has power to enter into a written contract with the purchaser and sign P's name to the agreement.

There are also other cases in which the agent acts for the principal although he has no authority to do so. If the principal takes no steps to inform third parties of the lack of authority, and it reasonably appears to the third party that the agent does have authority, the principal will not be allowed to deny a agency relationship.

When Employer Is Liable  
One of the most important consequences of a principal-agent relationship is that the principal becomes liable for the legal wrongs of his agent if they are committed in the course of the agent's employment. This is true irrespective of any fault on the part of the principal.

## Marketing Quota Penalty Set For Excess Wheat

The U. S. Department of Agriculture has announced a marketing quota penalty rate of \$1.59 per bushel on excess wheat of the 1962 crop. As directed by law, the rate of the marketing quota penalty is 65% of the May 1, 1962, parity price of \$2.44.

Growers approved marketing quotas for the 1962 crop wheat on August 24, 1961. Therefore, a farmer who does not comply with the wheat acreage allotment or marketing quota exemption acreage established for his farm is subject to a penalty on his farm marketing excess, unless he has signed an agreement permitting him to produce up to 20 acres of wheat for feed use on the farm.

For 1962, only those producers who are participating in the 1962 Wheat Stabilization Program, and who have complied with their allotment, will be eligible for price support.

CLOSED WEDNESDAY — MEMORIAL DAY

MRS. ALVIN L. REED, who was married Saturday evening at the Twelfth Street Presbyterian Church in Alton. A daughter of Mr. and Mrs. Charles Camp, the bride is the former Patricia Jean Camp.

## Reed-Camp Nuptials Are Performed Saturday At Alton

Twelfth Street Presbyterian Church in Alton was the scene of the wedding Saturday evening of Miss Patricia Jean Camp, daughter of Mr. and Mrs. Charles F. Camp, 4 Holly Hills, and Alvin C. Reed, a son of Lowry Reed, 2700 Elmwood street, and Mrs. Allen Gravely of Eaton Park, Ill.

Rev. Paul Krebs officiated at the 7:30 ceremony which was followed by a reception at the church. The attendants were Miss Patricia Ann Perkins and Lawrence Basior, the latter of Granite City. The soloist, Mrs. Richard Gleason, sang "Because," "I Love You Truly" and the Lord's Prayer, accompanied at the organ by Mrs. Doreen Nevin. The bride wore a gown of ivory white silk organza over bouquet taffeta and tulle designed with a modified round neckline and brief sleeves. The

snug bodice of Chantilly lace was accented with double rows of wide scalloped lace featuring in the front and back panels. Polonaise draped, cuffed sleeves with fullness in the back cascaded into a full aisle-wide cathedral train over tiered crinoline and hoops. A wide laced-edge sash adorned the waistline in the back. A queen's crown of lace and pearls held in place the bride's four-tiered cloud veil of hand-rolled silk illusion and she carried a cascade of butterfly roses, lilies of the valley, sweet peas and ivory.

Miss Perkins selected a street-length dress of turquoise blue rice paper taffeta over a contrasting lining. Designed with a fitted midriff, a round scooped neckline and short sleeves, it had a bouffant puffed detachable overskirt with round front cutaway and a fabric belt with front bow. Completing the costume was a small half circle hat of organza petals, buck bows and a circular veil. Her flowers were a colonial bouquet of stephanotis, pink sweetheart roses and white Marquette daisies encircled with French imported lace.

The altar was decorated with Corinthian columns and arrangements of white stock and pink Majestic daisies and woodbush. The whole lighted with pink candles in branched candelabra. The bridegroom, who is a private first class in the U. S. Army, stationed at Fort Story, Va., will return to duty there after a honeymoon in the Ozarks. The former Miss Camp attended the Alton high school and Southern Illinois University. P.C. Reed was graduated from the Venice high school.

## Miss Sheila Kay Crump And David Moss Wed Saturday

The sanctuary of Cedar View General Baptist Church was softly illuminated with candle light for the wedding Saturday evening of Miss Sheila Kay Crump, a daughter of Mr. and Mrs. Ronald Crump, 2428 State street, and David Moss, a son of Mr. and Mrs. John Moss, 2012 Omaha street.

Candles burned in branched candelabra at the altar flanked with greenery and in tall standard lined the white-carpeted aisle through which the wedding procession passed. White satin bows marked the family pews.

Wedding music was furnished by Wilbur (Jack) Johnson, organist, and Ted Barr, vocalist. The songs were "Because" and the Lord's Prayer. Rev. James Black performed the ceremony at 8 o'clock.

A gown of silk organza and imported Chantilly lace was worn by the bride. The voluminous skirt, enhanced with pearls and iridescent sequins and long sleeves tapered at the wrist. A princess crown of pearls secured the tiered illusion veil and the bride's cascade bouquet was composed of white carnations and lilies of the valley.

Miss Pat Crump was her sister's maid of honor, serving

with two bridesmaids, Miss Sherry Moss, a sister of the bridegroom, and his niece, Miss Pat Moss. They wore floor-length dresses of white organza, giving a frosted effect over tulle in rainbow colors of pink, orchid and blue. Groomsmen framed the brides ending in streamers from the waist to the hemlines in the back. Headpieces were crowns encrusted with matching sequins attached to tiny veils. All three held bouquets of white carnations with the colors of the dresses accented in the flowers and ribbons.

A little flower girl, Donna Homell, wore a yellow frock and carried a basket of rose petals. The ring bearer was Andy Adams.

Bob Thomas was best man, and the ushers were Charles Adams and Terry Andrews, cousins of the bride and groom. The wedding reception was held at Kirkpatrick Homes directly after the church service. The former Miss Crump is a daughter of the Granite City high school and is presently employed by Roger and Roger, Inc. Mr. Moss was recently discharged from the U.S. Navy and is employed by the Rexall Drug Co. He plans to attend Southern Illinois University in the fall as a medical student.

After a honeymoon in the Missouri Ozarks, the couple will live at 2449 Cleveland blvd.

## Five Fined For Gaming At Venice Tavern Building

Mrs. Lucille Butler, 210 Slough road, described as operator of the Robin's Nest tavern, 112 Slough road, was fined \$74 for operating a gambling place by Venice Police Magistrate Saturday after being arrested at the tavern at 5:20 a.m. that day.

## Slight Cut In School Bus Costs Likely Next Year

Total transportation costs of the Granite City school district are expected to be cut by more than \$2000 in 1962-63 despite a two-cent increase in bus mileage fees, from 51 to 53 cents.

The reduction is attributed to discontinuation of some routes and reworking of others, made possible partially by revisions in school zone boundaries. The mileage rate increase was provided for the final year of a three-year contract signed two years ago.

During the first two years of the latest contract, economies have been effected by having the vehicle drivers make the day at the high school rather than returning to their garage. Supt. Harold M. Kaiser reports.

boundaries will remain the same next year. A temporary adjustment will be made in the Prohardt school area, where reassignment of 53 pupils is regarded as necessary due to overcrowding. Instead of an estimated 906, there will be 810. Normal capacity is 735, based on 30 pupils in a room.

The pupils to be transferred from Prohardt to Lake grade school will be those in the area bounded by the Alton and Southern railroad tracks on the west, Long Lake on the north and east and Fontenay road on the south.

A 1962-63 change in the junior high school attendance boundaries will be that the seventh, eighth and ninth grade students living north of Victory drive in the Marshall grade school area will attend Coolidge junior high instead of Central. The section is bounded on the west by Nemoek road, north by St. Clair avenue, east by the storm drainage ditch and south by Victory drive.

Seventh and eighth grade students who live south of Victory drive will attend Central, while ninth graders south of Victory drive will attend Coolidge.

Coolidge attendance boundaries will consist of Prohardt, Maryville, Nemoek, Niedringhaus, Stallings, part of Marshall and ninth graders of the Webster and Wilson grade school areas.

Along with having part of the Marshall seventh and eighth grades, Central junior high will have those two classes from Webster, Wilson, Lake, Emerson and McKinley.

Lake, Emerson and McKinley ninth graders will attend Prather junior high, which will have the seventh, eighth and ninth grades from the Logan, Washington and Mitchell grade school zones.

With 800 seventh, 890 eighth and 983 ninth graders and 15 special students anticipated in September, the distribution that is planned will leave 569 at Central, 785 at Prather and 1445 at Coolidge, a total of 2799.

**Investigation Started**

Air crash investigators of both the Illinois state police and the Federal Aviation Agency were assigned to establish the cause of the crash. Deputy Coroner John Sedlack is to conduct the Lampe inquest, with the other inquest to be held in St. Clair county.

A Civil Aeronautics Board investigator from Chicago arrived yesterday to direct the investigation. The FAA said preliminary inspection of the wreckage failed to show a reason for the plane going into a spin.

Both men had private pilot licenses and Mr. Weiner, a graduate of Bellevue high school, also had a commercial license and was an instructor and Civil Air Patrol lieutenant. Both had been flying several years. Mr. Weiner was an engineering aid at his father's firm, Weiner and Associates.

**PRIZE WINNING POSTER** is displayed by Carter Knipping, center, grand prize winner in the annual Quad-Cities Safety Council poster contest. Knipping receives a \$50 check from Council President Merrill Cox (left), while Lt. Paul Moore of the Granite City police department, safety week chairman, looks on.

## Safety Week Program Promoted by Council

This week has been designated "Safety Week" by the Quad-Cities Safety Council, with the promotion of safe practices in all activities—especially driving.

Lt. Paul Moore of the Granite City police department, safety week chairman, said all residents of the community are urged to practice safety in the home as well as on the job, on the streets and on the highway.

In conjunction with the week-long campaign, prize winning entries in the council's annual safety poster contest will be on display all week in the windows of stores and businesses throughout the Quad-Cities.

The council also is distributing safety slogan bumper stickers and other promotion material, Lt. Moore said.

In addition, the Fifty-Eighths 4-H Club members are distributing count-down charts for home medicine chests to their friends and neighbors, showing proper treatments for poisonings.

**Mitchell 270 Overpass**  
Will Open Next Month

A newly-constructed overpass on Interstate Route 270 at Mitchell will probably be opened to automobile traffic next month, construction engineer H. V. McCoy of the Illinois Division of Highways at Illinois Village said today.

The bridge is an overpass above four sets of railroad tracks at Mitchell. When it is opened, traffic will be rerouted over the bridge. No other section of Interstate 270 in the area will be opened at that time, McCoy said.

We have considerable signing to do, barricades to build, and must also notify the railroad companies so that they can remove the wagons from the crossings," he added.

Interstate 270 will proceed westward from the Mitchell area, a new bridge to be built over the Chain of Rocks canal to a proposed bridge site near bridge.

Construction work, including two viaducts is currently underway east of Mitchell where 270 will join a traffic interchange with Interstate 70 near Troy.
